**The pro-life voice
within the
Democratic Party**

The moral test of government is how it treats those who are in the dawn of life, the children; those who are in the twilight of life, the aged; and those who are in the shadows of life, the sick, the needy and the handicapped.

Democrats For *Life* of America

A Voice for life

Democrats for Life of America, Inc. (DFLA) was formed to provide a voice for the pro-life viewpoint within the Democratic Party. We are Democrats who care about our party, and choose to work within the party to accomplish our mission. We will mobilize grass-roots Democrats on the local, state, and national levels to:

- support pro-life Democrats who hold elected positions;
- promote a pro-life plank in the Democratic Party platform;
- advocate for legislation that protects unborn human life and people on Death Row;
- participate actively in Democratic Party functions and offices;
- identify and promote pro-life Democratic candidates and elected officials.

Advocating the taking of life as a way to solve social problems is inconsistent with the Democratic philosophy of non-violence and human rights. Suppressing the pro-life voice within the party is also inconsistent with the image of the Democratic party as the party of tolerance and free speech. Pro-life Democrats must insist that they be allowed to take their rightful place in the party.

Our Mission Statement

Democrats For Life of America advocates respect for life from fertilization to natural death. This includes, but is not limited to, opposition to abortion, capital punishment, and euthanasia.
